KLAAR WOOD chair

Rationality, neutrality and the precise aesthetic finishing of parts that characterize Klaar are qualities that never go out of date nor submit to the rapidly changing vogues.

The clarity and lightness of its shape and the wide selection of materials make Klaar suitable for using in many different modern architectural contexts, offering solutions that meet different requirements.

The line includes park benches for three where it is good to sit and rest one's back, gaze at the sea, single chairs that offer a moment of rest and a chance to be alone in the noise of a city square as well as seats and tables that enable the creation of picnic settings in a park

Design by Martin Pärn, iseasi

Klaar Wood chair

FEATURES

Due to the proportions, shape and use of materials, Klaar is very ergonomic and comfortable.

Thanks to the clarity and lightness of its shape Klaar is suitable to a modern architectural context as well as to a historic setting.

Good functionality combined with clever and well considered details.

A wide range of different products, including benches, seats and tables, in the family to complement various uses and environments.

Extery quality without compromise- harmonious design, carefully selected materials and engineering considered to the last detail.

WOOD

The wood selection includes double layer Osmo Natural Oil Woodstain coated thermo-treated ash, Siperian larch and tropical wood. Tropical wood is also available naturally, without surface top coating.

Thermo-treated ash OC-010

Tropical wood OC-425

Siperian larch OC-706

Tropical wood natural

METAL

The steel frame is available in hot-dip galvanized and powder coated finish. The hot-dip galvanizing is done according to ISO 1461:2009 standard.
